PRESENTATIONS AND INSTRUCTIONAL EXPERIENCE

Part 2. (2011). Panel presented at *On Stream: 2011 Biennial MACAA/FATE*, St. Louis MO, March 30 – April 2.

Technically Speaking. (2010). Panel presented at *Curiousier: The 2010 Joint SECAC/MACAA Conference*, Richmond VA, October 20-23.

Assistant for Foundry Course. (2009-2011). University of Wisconsin – Madison. Instruct students in welding, mold making, spruing and gating, and safety procedures.

Juvenile Diabetes Research Foundation: Art for a Cure. (2008). Southfield, MI. Working with the Michigan chapter of the JDRF an art project and learning experience for children with diabetes was devised. I organized and conducted the art project, design, and a classroom session with the children, ranging from 6-16 years of age, to electro-etch copper parts for a large wall hanging sculpture. During the classroom session I instructed the children in the process and safe practice of electroetching and patina.

Lecture on Rapid Prototyping Technology and its Place in Modern Craft. (2007). Presentation made for Ethics Class taught by Mary Duncan, College for Creative Studies, Detroit MI, March.

Personal Art Work Presentation for WSU Board of Visitors. (2007). Presented at the invitation of the Dean of The College of Fine Performing and Communication Arts, Wayne State University, April.

Presentation: "Art Applications for Rapid Prototyping Technology". (2006). Presented at the WSU Undergraduate Research Conference discussion panel.
